LANGUAGES

Spanish (Native)
English (Intermediate)

ABOUT ME

Hi, I'm Elias. I recently completed my Barista Skills training with GRETB, including food safety and HACCP principles, and I'm highly motivated to start working as a barista.

I spent one year working as an Accommodation Porter at Salthill Hotel and previously seven years in customer-facing retail, where I developed strong customer service skills, speed, and reliability. These experiences have given me confidence working with customers in fast-paced environments and supporting team operations.

I enjoy coffee culture, working with people, and delivering friendly, consistent service. I'm fully available, reliable, and eager to learn and grow within a café environment.

WORK EXPERIENCE

ACCOMMODATION PORTER

Salthill Hotel - Galway - 1 year (2025-2026)

- Delivering linen, towels and tea/coffee top-ups to guest rooms and floors, and helping with guest luggage when needed.
- Taking in deliveries and keeping housekeeping stores stocked, clean and organised.
- Helping the housekeeping team on busy days so rooms are ready on time.
- Answering guest questions in the corridors and giving directions in a polite, friendly way.
- Keeping a fast work pace in a physical job while following health and safety rules.

IT TECHNICIAN & SALES ASSISTANT

Ecomputer S.L - Huesca (Spain) - 7 years (2015 - 2022)

- Serving customers face to face, understanding their needs and recommending computers, phones and accessories.
- Carrying out professional computer repairs and technical support (hardware, software, printers and Wi-Fi).
- Operating the till and POS system: taking card and cash payments and reconciling daily sales.
- Acting as a key holder: opening and closing the shop and making sure it was safe and secure.
- Managing stock and deliveries, organising shelves and storage, updating price labels and doing regular stock counts.
- Handling returns, warranties and customer complaints in a calm, friendly and professional way, and keeping the shop clean and well presented.
- Training new staff on customer service, daily routines and how to use the POS system.
